OFFICIAL STATEMENT OF FINANCE

It is my understanding that the approximate cost of college education for one student at Auburn University for 2016-2017 is $39,430 (U.S. Dollars) for each twelve-month academic year for the student, an additional $4,235 per year for a spouse, and an additional $3,523 for each dependent. This amount is adjusted every year. This includes non-resident tuition, fees, health insurance, room and board, books, and personal expenses. It does not include the cost of transportation to and from the United States. Even though some students may choose not to attend school during the 3-month summer term, they must provide evidence of their ability to pay all expenses incurred per year in order to obtain a Visa Eligibility Certificate (I-20 or DS-2019).
