Re: Course Subject Code Revisions – HRMT to HOSP

I am writing to request approval and implementation of the following Course Subject Code Revisions:

Current Subject Code: HRMT

Proposed Subject Codes: HOSP

Rationale: In September 2016, the Auburn University Board of Trustees approved a request to rename the B.S in Hotel and Restaurant Management to a B.S in Hospitality Management. This change was subsequently approved by ACHE at its December 9th meeting 2016.

To eliminate the apparent disconnect between the new degree title (Hospitality Management) and the current Course Subject Codes (HRMT), we are now proposing to change the Course Subject Codes from HRMT to HOSP. This should provide for a more informative search by most students either taking or interested in taking this program and related courses.

The proposed changes have my full support and full support of departmental faculty teaching on the program. I would be grateful therefore if you could forward this request for the necessary approvals.

Thank you!

The courses impacted are as follows:

HRMT 1010 Introduction to Hospitality Management
HRMT 2300 Hospitality Law
HRMT 2350 Culinary Fundamentals
HRMT 2400 Food Production in Hospitality
HRMT 2500 Lodging Operations
