2019-20 Auburn University Graduate School
Master’s Thesis Award

Field of Competition: Biological/LIFE SCIENCES

INSTRUCTIONS FOR NOMINATION

Nominations: A college/school may nominate up to three students for an award in the field of biological and life sciences. For each nominee, the thesis must have been accepted in partial fulfillment of master’s degree requirements during the past two academic years (Fall 2017 through Summer 2019).

Materials: Each nominee must prepare an abstract (not to exceed 2 pages) of his or her thesis, (typed, double-spaced, with one-inch margins on 8-1/2" x 11" on white paper) and a brief resume or c.v. The pages should be numbered, and each should bear the name of the nominee. A letter of reference from the student’s major professor addressing the significance and quality of the work should be included in the nomination materials. The nominee should submit the following through the nomination form: abstract, resume or c.v., letter of reference, and thesis (or a Web link to the thesis).

Deadline: The deadline for submission to the Graduate School is Wednesday, July 31, 2019.

Criteria: The Graduate School will name an Award Committee whose members have established records in the disciplinary areas under consideration. At their discretion, additional consultation may be sought. The nominated thesis should represent original work making an unusually significant contribution to the respective discipline. Winners are selected on the basis of clarity of style and presentation, scholarship, research methodology, and contributions to the field or discipline. The following list, although not all-inclusive, illustrates the fields considered as Life Sciences: animal sciences, biology; botany; zoology; ecology; embryology; entomology; genetics; nutrition; plant pathology; plant physiology; anatomy; biochemistry; biophysics; microbiology; pathology; pharmacy, pharmacology; physiology; veterinary medicine, and related fields. Also included are agriculture, forestry, and related fields.

Award: Master’s Thesis Awards, consisting of an honorarium of $250 and a certificate of citation, will be presented at the Graduate School’s annual awards ceremony.

Note one: The Master’s Thesis Award operates on a two-year cycle in regard to fields of competition. The fields of competition for 2019 will be Life Sciences and Social Sciences/Business/Education; for 2020, Mathematics/Physical Sciences/Engineering and Humanities and Fine Arts. This cycle corresponds with that of the Conference of Southern Graduate Schools Awards. Winners of the Auburn Master’s Thesis Award may be nominated by the Graduate School for the CSGS Award.

Note two: No student may be nominated in more than one award category (e.g., in two consecutive years) and may not be nominated by more than one college.
